ePropertyData and Investit Software Introduce **FREE** Analysis Software

ePropertyData, the nation's foremost sponsor of local Commercial Information Exchanges (CIEs), announces a strategic relationship with Investit Software, Inc., North America's leader in development of affordable real estate analysis and cash flow projection software for the commercial real estate industry.

Based on specifications provided by Investit, ePropertyData developed an entry level, Web-based product that is great for quickly analyzing and valuing simple investments, such as rental apartment properties, small office and industrial buildings and more.

To perform in-depth Monthly Investment Analysis, Lease Analysis, Development Analysis, Buy vs. Lease, Hold vs. Sell, and many types of Reports for Any Property Type, download the Free Trial of Investit Pro: www.investitpro.com
